

Abuse in Later Life Education Series for Advocates

Community Collaboration Worksheet

We value your feedback! Please [click here](#) to complete our short survey and let us know your thoughts on this training.

Taking Action

1. List benefits for collaboration for your agency. What are 2 or 3 additional benefits for older adults? Example: better knowledge of community; more opportunity for survivors to receive appropriate services.

2. Consider what organizations you think should be part of a community collaboration in your locality. Who would you invite? What process would you use? If there is already a group that meets, who is missing from the work?

3. Consider topics you would put on the agenda for improving the systems that older survivors access in your community.

Additional Resources

[Collaboration is Essential: King County's Response to a Case of Elder Abuse and Exploitation](#)

This article describes how various professionals in King County Washington collaborated to enhance the safety of older survivors in their community.

[Needs Assessment Survey for Professionals & Older Adults](#)

These survey tools were developed to assist communities and professionals working with older adults to determine what services and resources are needed for older survivors.

[Response to Elder Abuse: Self-Assessment Workbooks](#)

These tools can assist communities in evaluating practices within and across key intervening agencies, as well as in building a coordinated community response to elder abuse.

[Collaboration and Confidentiality Norms](#)

This webinar explores the fundamentals of confidentiality, privacy, and mandatory reporting and focuses on how varying disciplines approach confidentiality and mandatory disclosures in the context of the work of a Coordinated Community Response (CCR).
